AGENDA

CCHPN Updates: Our Historic Cultural Landscape: A new way to consider our natural and historic resources and organizations.
Chester County's Historic Doors: How architectural features help us define integrity and historic significance. Seth Hinshaw is an architectural historian and author. He is very familiar with our Chester County historic landscape and has documented resources all over the county for RGA, Inc.

Defining Historic Resources:
Research versus Regulation. At the CC Historic Preservation Leadership Luncheon, Jeannine Speirs gave an example of defining historic resources in New Garden Township. The session will build on that discussion. Jeannine is a Senior Community Planner with the CC Planning Commission and is well versed in historic resource planning.

Enjoy two important exhibits after the program:

Votes For Women: A Visual History: Celebrating the 100th anniversary of the Nineteenth Amendment to the Constitution granting women the right to vote.

Witness to History: Selma Photography of Stephen Somerstein: The historic 1965 Selma to Montgomery Alabama civil rights march concerned one issue, the right to vote.
